Third Agency Dissemination by CIG

1. Paragraph 2 b (3) of proposed NIA directive (IAB No. 1) captioned, "Coordination of Intelligence Production", now under consideration by the Intelligence Advisory Board, reads as follows:

"Interagency dissemination of current intelligence shall be based on interagency agreement including NIA Directive No. 1 and the principle of informing all who need to know."

2. Inclosed for your information is a copy of Requirements Study No. 15, subject: Third Agency Dissemination by CIG, which contains a discussion of the proposed IAB No. 1 insofar as the interagency dissemination is concerned. Particular attention is invited to this study's conclusion that while CIG may disseminate its own intelligence, either current or national, to member IAB agencies, it is not at present authorized to disseminate current or staff intelligence received from another agency to a third agency.

3. It is recommended that when conferences are held to effect the interagency agreement mentioned in paragraph 1, above, specific provision be made to authorize CIG to disseminate current intelligence to IAB agencies. Specific authorization should also be provided for CIG to disseminate current intelligence to other Governmental agencies when these agencies have a need for such intelligence in the exercise of functions related to the national security.

MEMORANDUM FOR THE RECORD

WTC 5/27 LOYALTY INVESTIGATION OF FBIB EMPLOYEES

Talked with Mr. George Moore, Chief Counsel, House Committee on Post Office and Civil Service, on 20 May. He stated that he had been informed by us that we were investigating and discharging FBIB personnel whose loyalty was open to question. The Committee, however, has been informed that we were discharging those persons who were exposing disloyal persons.

Mr. Moore stated that he had been in receipt of a list of persons whose loyalty was open to question at CIG, and supplied the following names:

5	REV DATE	01/01/0	BY	
CCMP	36	OPI	31	TYPE

He stated that he was very anxious to know if they had been cleared, the manner in which they were cleared, and on what grounds they were cleared. After some further discussion, I informed him that I would look into the matter very carefully and consult him later.

Discussed the matter with Captain [redacted] and Colonel Edwards on the morning of 21 May. It was determined to have Colonel Barton deliver the security folders in question to Captain [redacted]. Furthermore, that I would consult with Mr. Moore in an attempt to secure from him the information he has regarding these persons.

Conferred with Mr. Moore, and the following agreement was reached:

a. That CIG would inform him of the persons on this list who had resigned or been discharged.

b. That those persons who were still under FBI investigation should continue to be investigated and any of this group who were subsequently discharged or who resigned would be reported.

c. The names of any of this group who were or will be cleared for duty by the CIG following a study of the FBI report in the case by our Security Officer would be furnished to Mr. Moore. Mr. Moore would then furnish me with any and all information in the possession of the Committee regarding such persons. CIG would then undertake to investigate these specific charges and report back to the Committee the findings (based largely on FBI reexamination as to the truth or falsity of these charges.)
